**Subject: BCMA Association Condemns Recent Terrorist Attacks in Germany and New Orleans**

As salamu Alaikum Wa Rahmatullah,

The BCMA (BC Muslim Association) strongly condemns the recent terrorist attacks that have tragically claimed innocent lives in Germany and New Orleans. These abhorrent acts of violence and hate go against the very fabric and core values of our faith. Such actions have no place in our society. Our hearts and prayers are with the victims and their families during this difficult time.

The BCMA remains committed to promoting inclusiveness, diversity, and support for all communities and faith-based groups. We believe that our strength lies in our unity and collective efforts to foster understanding and compassion among all people. In times of tragedy, we must come together to reject hatred and violence while embracing our shared humanity.

We urge everyone to stand against extremism in all its forms and to support one another in our quest for peace and harmony.

Together, we can build a more tolerant and understanding world for future generations.

Jazak Allah Kairan,

Salamu Alaikum Wa Rahmatullah
